About this claim

Benefit you can get because of this claim can be paid more quickly if you answer all the questions on this form that apply to you and your partner, if you have one.

If you cannot do this, get in touch with us, but benefit you can get because of this claim may be delayed.

About this benefit

You may be able to get Industrial Injuries Disablement Benefit if you have any of these diseases because of your work while working for an employer. You cannot get this benefit if you were self-employed in the work which caused your disease. Before you fill in this form, please read leaflet **SD6 ill or disabled because of a disease or deafness caused by work**.

Leaflet **SD6** gives you general information about Industrial Injuries Disablement Benefit and tells you about other benefits you may be able to get. You can get this leaflet from your local office.

If you are claiming for an asbestos related disease, please read leaflet **SD8 ill or disabled because of working with asbestos in your job**. This leaflet gives you general information about asbestos related prescribed diseases. You can get this leaflet from your local office.

Other money you may be able to get

You may be able to get Reduced Earnings Allowance if you first suffered from the disease before 1 October 1990, **and**

- you cannot go back to your normal job because of the effects of your disease, **or**
- you cannot do another job of the same standard with similar pay.

Please read leaflet **SD6 ill or disabled because of a disease or deafness caused by work** to find out more about this benefit. Make a claim as soon as your earnings reduce. If you delay, you could lose money.

You might not get Reduced Earnings Allowance if you are claiming for a disease added to the Industrial Injuries scheme on or after 10 October 1994, or for an extension made to a disease on or after 10 October 1994.

Constant Attendance Allowance

You may be able to get Constant Attendance Allowance if your disablement is assessed at 95% or more. This allowance will be considered automatically. You do not have to make a separate claim. You can find out more about this in leaflet **SD6**.

Part 8 Making payments to you

We normally pay Industrial Injuries Disablement Benefit directly into an account. This is the safest way to pay you and lets you choose how and when you get your money. You can use a bank, building society or other account provider. Most accounts allow you to make savings on some of your bills by paying them by Direct Debit. You may be able to use a cash machine, which will usually mean you can get your money at any time of the day or night. Most of these machines can be used for free, but some of them will charge you to take your money out. If so, you will be warned by a message on the screen. This will give you the opportunity to cancel your transaction without being charged. There are arrangements with some banks and building societies to let you collect cash from many of their accounts over the counter at post offices.

A – Payment direct into an account

How you will be paid

Your benefit will be paid into the account every 4 weeks, every 13 weeks or every week.

Finding out how much is paid into the account

We will tell you when the first payment will be made and how much it is for. Each payment, after the first one, should be for the same amount unless there is a change in your circumstances. We will tell you whenever we know there is going to be a change in the amount we pay into your account.

You can check your benefit payments on your account statements. Your statements will usually show your National Insurance (NI) number next to payments that are from us. If you think your payment is wrong, get in touch with the office that pays you.

Getting someone to collect your benefit

You may be able to get someone else to collect your benefit for you regularly if you wish. For help with this please contact your bank, building society or other account provider such as the Post Office® or a Credit Union.

If not enough money is paid into the account

If we do not pay enough money into the account, we will make another payment or add the money we owe you onto your next payment. We will contact you to tell you what we are going to do.

Sometimes too much money may be paid into your account and you may be overpaid

If this is because of the way the system works for payments directly into an account, we have the right to recover any money you are not entitled to. For example, you may give us information which means you are entitled to less money but we may not be able to change the amount already sent out. We will contact you first if we propose to recover any money.
