Delivering a Professional Service

Contributing to Business Success

Develops professional services that facilitate organisational change and improvement by:

- Identifying and implementing opportunities to enhance provision by understanding key developments in policy and practices within the organisation;
- Proposing solutions that offer value for money and deliver efficiencies and/or better services to end users.

Demonstrating Expertise

Demonstrates accountability for delivering expert services that enhance business outcomes by:

- Advising internal and external customers on how business administration practices and methods can enhance organisational effectiveness;
- Managing the application of business administration practices and solutions to deliver results that meet customer and stakeholder requirements;
- Monitoring the delivery of services to ensure that they meet both customer needs and appropriate professional/technical standards.

Building Professional Credibility

Enhances the reputation of Business Administration specialists by:

- Building and maintaining internal and external networks to keep abreast of technical good practice and enhance the profile of the profession;
- Promoting the benefits of using business administration services to colleagues in other professions;
- Identifying areas for continuous improvement and knowledge sharing, and disseminating these to their teams and stakeholders;
- Ensuring compliance with organisational and professional codes of conduct in relation to services provided by their teams.

Delivering a Customer Focused Service

Responding to Customer Needs

Adopts a customer-led approach to service development by:

- Working with customers to gain insight into their needs;
- Learning from customer complaints and feedback to support the redefinition of service delivery;
- Communicating to others how an understanding of the diverse needs of others is essential to providing a good service to customers;
- Shaping services to meet future customer needs.

Providing Excellent Customer Service

Promotes excellent customer service by;

- Communicating a vision of future service improvements and modernisation;
- Promoting the sharing of best practice across organisational boundaries;
- Creating working conditions where people and processes enable the delivery of excellent customer service;
- Delivering customer service improvements across a range of areas.

Analysing, Improving and Changing

Analysing and Using Evidence

Develops evidence-based arguments and proposals to deliver business benefits by

- Engaging with relevant experts to gather and evaluate evidence;
- Understanding the validity, relevance and limitations of different sources of evidence;
- Using evidence to evaluate policies, projects and programmes;
- Making timely decisions based on the best information available.

Improving Performance Continuously

Creates a performance-focused working environment that encourages and rewards continuous improvement by:

- Analysing existing ways of working and addressing barriers to performance improvement;
- Encouraging, rewarding and publicising innovative ways of working;
- Making business and efficiency improvements through use of IT;
- Setting consistent and challenging team targets.

Engaging with Change

Understands the DWP vision and creates a sense of shared purpose to deliver change by:

- Seeking and acting on opportunities to support delivery of DWP vision and objectives;
- Taking ownership of, and encouraging team members to take ownership of, corporate decisions and responsibility for effective implementation;
- Instigating change and supporting others in leading change;
- Promoting working practices that respect the diverse views and needs of others;
- Assessing the impact, and taking action to minimise negative consequences, of change in terms of sustainable development.

Managing People and Performance

Delivering Results
