

## Important notice of Change to contract Package Areas

### Merged Programme based on Progress2Work and Progress2WorkLinkUP and 2010 Problem Drug Users Employment Support Pilots

This is to notify potential bidders that the following further consultation with Sub Regional Partnerships and Jobcentre Plus Districts, changes have been made to the Contract Package Areas (CPA) – 11, 12 & 17.18.

CPA 11 (Birmingham & Solihull, Black Country) and CPA12 (Coventry & Warwickshire, Staffordshire, The Marches) will now be merged and form one single CPA named West Midlands. This will be identified as CPA 11. There will no longer be a CPA 12. The Problem Drug User pilot will **not** change, and will apply as originally notified as Birmingham & Solihull only,

CPA 17 (Cumbria & Lancashire, Greater Manchester Central, Greater Manchester East & West, Cheshire, Halton & Warrington) – Halton **only** will be moved into CPA 18 (Merseyside) for the merged programme of Progress2Work and Progress2WorkLinkUp. **PLEASE SEE NOTE BELOW REGARDING THE LONDON PQQ EVENT STATEMENT ON THIS CPA CHANGE HELD ON 20 OCTOBER 2009.**

#### NOTE:

HALTON: The repositioning of Halton within the Merseyside CPA for Progress2 Work /LinkUp requires a further review in relation to the Merseyside Problem Drug Users Pilot, and the impact of moving Halton into this CPA. Clarification as to whether Halton will also be included within the Problem Drug Users Pilot is expected during week commencing 26 October.
