

## Appendix 3

1. This appendix lists the Commissioners' decisions which have been included in the Digest, together with their chapter references. The numbering system used for the references is described on page x of the Introduction.

2. Reported decisions are listed primarily in alphabetical order of series letters to which prefixes have been added. Within each series letter and year of decision the prefixes are also listed alphabetically. For an explanation of series letters and their prefixes, see Appendix 1.

3. Unreported decisions, of which there are a few in the Digest for the years 1961 onwards, bear reference numbers in different series according to subject, all starting with the letter C. They appear at the end of the respective yearly lists of reported decisions.
