

About the Work Choice programme

At the moment you are on the WORKSTEP programme.

From 25 October 2010 the WORKSTEP programme will stop and a new programme called Work Choice will start.

What does this mean for you?

You will keep getting the support you need while you are working. But it will now come from the Work Choice programme.

In the next few months, your WORKSTEP support adviser will talk to you about the support you need.

We do not think that your job or the place you work at will change. But if anything does change, your WORKSTEP support adviser will talk to you first.

Do you need to do anything?

No. You do not need to do anything now.

Your WORKSTEP support adviser will talk to you soon about Work Choice.

Your WORKSTEP support adviser will be able to answer any questions you have.
