Conclusion

In summary, we want to reach a position where all our disabled customers have access to the right level of support to help them prepare for, enter and/or retain employment. As part of this we want to:

- improve the capability of all our provision to help disabled people into sustainable employment;
- ensure that our specialist disability provision is reserved for those whose support needs are not met by our other provision; and
- ensure that our programmes are better targeted on the individual needs of disabled people and employers to improve our ability to help disabled people live fulfilling and independent lives.
